ORC Status Update:

By cover letter dated February 3, 2012, Cabot's counsel submitted to ORC (Humane Zia) two discs, in "additional and partial response to Request # 1" of EPA's January 6, 2012 CERCLA 104(e) letter. EPA's Request #1 asked for site-related ground water and surface water sampling information, including pre-drilling information. This partial response appears to contain approximately 40,000 pages. ORC will contact Cabot's counsel to identify what remaining information will be sent, and when. [Note: The information on the discs has been copied to the L drive.].
